

Creative Curriculum

The Creative Curriculum explains how to teach content in ways that respect the developmental stages of preschool children. This is the curriculum your child will be using in the classroom this year.

During each unit of study your child will be introduced to the following:

1. Literacy

- **vocabulary and language, phonological awareness, letters, words, print, & a variety of books**

2. Mathematics

- **numbers, patterns, and relationships, geometry and spatial awareness, measurement, and data collection, organization, and representation**

3. Science

- **The physical properties of objects, living things, and the earth / environment**

4. Social Studies

- **How people live, work, get along with others, shape, and are shaped by their surroundings**

5. The Arts

- **Dance, music, dramatic play, drawing, and painting**

6. Technology

- **Tools and their basic operations and uses**

7. Process Skills

- **Observing and exploring; problem solving and connecting; organizing, communicating, and representing information**
