

Language development is essential for social and academic growth. How often do we encourage children to “use their words”? The vocabulary of social and school interaction is fundamental to Big Day for Pre-K.

Every day is a big day when you are 3- and 4-years old and in school for the first time. We try to capture all of that energy and excitement in a program that respects your work and honors your children.

Pathways to Readiness

Big Day for PreK assessment is based on developmental continuums, or pathways. These **Pathways to Readiness** provide you with age-appropriate, research-based indicators and benchmarks to help you monitor children’s growth in five key domains:

- Social-Emotional Development
- Oral Language Development
- Emergent Reading
- Emergent Writing
- Mathematics Development
