

To: Head Start Staff, Head Start Teachers & Teaching Assistants

From: Health and Safety

Head Start Performance Standards require all Head Start staff, teachers, and teaching assistants to maintain current CPR/AED/First Aid Certification.

HSPS 1302.47 (b)(4)(i)(J)

Please provide the office with a current copy of your CPR/AED/First Aid card no later than 10 days of hire.

Note: If your CPR/First Aid certification will expire during the current year, or your CPR certification doesn't include AED or First Aid, you must register ASAP for a Head Start CPR/AED/First Aid Certification class. This can be found on the www.esc7.net web site.
