Health Services Advisory Committee

THE ROLE OF THE COMMITTEE & MEMBERSHIP

Purpose:

The Health Services Advisory Committee plays an important role in ensuring that Head Start provides effective health services to children and their families. The Health Services Advisory Committee will develop plans, policies and procedures that access health resources in your community. Head Start staff, parents, and local health providers will work together to improve health services to children and families.

The Role of the Committee:

1. To explore health issues that affects the children, parents, and staff of the local Head Start Program.
2. To recommend changes in existing policies and procedures that affect Head Start children, families, and staff.
3. To make recommendations to the Governing Body and Policy Council regarding suggested policy changes.
4. To monitor and evaluate recommended changes after Governing Body and Policy Council approval.

Members of the Health Services Advisory Committee will be:

- Head Start Parents
- Community Health Professionals
- Interested community volunteers
- Other service agency professionals

We know your child's health is very important to you! Your participation in the Health Services Advisory Committee will help ensure that all children in Head Start receive quality health services.

Region 7 Education Service Center is committed to student success by providing quality programs and services that meet or exceed our customers' expectations.
